

GRANTS

Dear participants,

The organization will offer travel stipends for a number of attendees to participate in the XXIV International Conference on Horizons in Hydrogen Bond Research, which will be held in Bilbao from 12nd to 15th September 2022. Students and researchers from low-income countries will be given priority.

For this, the applicant must:

- Be a Pre-Doctoral Student at the time of application or a Post-Doctoral Researcher who has completed the PhD less than three years ago.
- Submit an abstract for the Congress as first author.
- Submit a motivation letter
- Made the registration to the Congress

Application Deadline: 30th July, 2022

**The award decision announcement will be no later than 30th August, 2022,
(depending on the Budget)**

If you are interested in applying for such funds, please email the technical secretary.

Once the grants have been received and assessed, the Technical Secretariat will contact you to tell if you are a grant holder or not.

With all best wishes,

José A. Fernández
Chair of the HBOND2022
